Chairman's Message

On behalf of the Relay Committee and the Bridgetown Rotary Club I would like to welcome all participants and spectators to the 15th Blackwood Marathon.

The relay was first run in 1979 to celebrate the WA 150 Year Celebration, with 58 teams competing. Since its inception it has grown into one of the most exciting and popular sporting events to be held in this country. An Ironman section was added in 1988 to celebrate Australia's Bicentennial Celebrations, this section has continued with growing success.

An event of this size would not be possible without the co-operation of the Shires of Bridgetown-Greenbushes and Boyup Brook, the landowners, Service Clubs and the many individuals who generously give their time to make this event a success — thank you.

Once again our major sponsors are BUNNINGS whose support is welcomed and gratefully accepted. Our minor sponsors this year are Marlows Auto Parts, Swan Brewery and Telecom who are assisting with the telephone link-up.

Please read your programme and the traffic directions carefully. The parking arrangements at the horse section at Jayes Bridge will be the same as last year, please follow the Parking Marshall's directions, they are there to help you.

I must make mention of the fact that sections of the marathon course travels through private property, we urge you to treat these areas with respect and the consideration they deserve. Please use the litter bins provided.

Finally, thank you to my committee for co-ordinating this event, the computer operators, the Apex and Lions Clubs, Fire Brigade and St. John Ambulance personnel, the stewards, timekeepers, parking supervisors, Police Department, traffic marshalls, Brian Wheatley and his communications crew and all the individual people helping to make this event a success. I know they will join me in wishing all the competitors and spectators an enjoyable and successful day.

Message to Spectators

Thank you for coming to our 15th Marathon again in such great numbers. Your continued support to this annual event is greatly appreciated and literally "makes our day". The organisers and all those involved from the volunteer traffic marshalls, the community stall holders, down to the actual competitors, take heart and are fortified by your support. Thank you again.

We ask you to remember that all funds raised on the day, from all sources, go entirely to community projects in the Bridgetown and Boyup Brook districts.

Information

The tourist bureau at Bridgetown will act as an information centre on Friday afternoon and evening prior to the Marathon.

Food

The hotels, cafes and service stations are ready to serve your needs, many of them by extending their trading hours. Don't forget there will be breakfasts on Saturday and Sunday morning at the show grounds and sports ground at Bridgetown. Lunch stalls will operate at Jayes and a host of food choices will again be available at the Marathon's conclusion.

Drinks

A licensed bar will operate at Jayes during the lunch break and at the Bridgetown sports ground during the late afternoon and evening. A range of other drink stalls will operate at nearly every change over point.

Entertainment

This year we have again engaged Admor Sound and a D.J. to entertain you. We hope this will provide a climax to an enjoyable day. If you're still willing after the conclusion a band will be operating till late in the Bridgetown Shire Hall.

Enjoy your day.

TONY JOYCE
Spectator Director

Message from Traffic Director

The traffic controls for 1993 are practically the same as for 1992, except for tighter police discretionary control at Jayes Bridge.

Due to the risk of accidents on Jayes Bridge, when there are a large number of spectators, the bridge will be closed to all vehicular traffic (except emergency and official vehicles, and this at the discretion of the Senior Police Officer at Jayes Bridge) from 10.15 a.m. till 1.30 p.m. after which the bridge will be open for east bound traffic only.

To avoid being inconvenienced by this, traffic wishing to go from Jayes Bridge to the horse cycle changeover should park in the east side parking area, or if parking in the west side parking area leave before 12.30 p.m. by way of Flax Road to avoid one way controls on Winnijup Road.

If departure from the west side parking area is left later than this it will be necessary to wait until 1.30 p.m. when Jayes Bridge becomes open to east bound traffic.

Vehicles wishing specifically to go to the west side parking area (horse float area) at Jayes Bridge from the start at Boyup Brook oval should go by way at Bridgetown-Boyup Brook

and Brown Seymour Road.

Vehicles wishing specifically to go to the west side parking area (horse float area) from the running-canoe changeover should proceed south on Terry Road and cross the river by way of Terry Road crossing.

The east side parking area at Jayes Bridge will be the parking area from which all other points of interest can be universally reached.

As well as these controls, the most heavily congested roads have been made one way during peak traffic and event leg periods.

For those wishing to avert the heavier congested roads please refer to advice in this programme given under "Alternative Travel Routes".

The traffic controls specifically are:—

PRE LUNCH

1. South bound parking and travel only for vehicles on Hack and Beatty Streets (adjacent to Boyup Brook Sports Ground) from 6.30 a.m. till 9.30 a.m.
2. West bound traffic only on Stanton Road from 8.30 a.m. till 10.00 a.m.
3. South bound traffic only on Terry Road from junction with Stanton Road to junction with Jayes Road from 8.30 a.m. till 12.00 noon.
4. South bound traffic only on Terry Road-Jayes Road bypass track from 8.30 a.m. till 12.00 noon.
5. Jayes Bridge between the two parking area inlets will be closed to vehicular traffic when there are large numbers of spectators on the bridge (except for emergency and official vehicles, and this at the discretion of the Senior Police Officer at Jayes Bridge) from 10.15 a.m.

AFTER LUNCH

1. Jayes Bridge between the two parking area inlets will be closed to vehicular traffic (except for emergency and official vehicles, and this at the discretion of the Senior Police Officer at Jayes Bridge) when there are large numbers of spectators on the bridge until 1.30 p.m. after which it will be open to east bound traffic only, till 3.00 p.m. when controls cease.
2. North bound traffic only on Terry Road-Jayes Road bypass track from 12.00 noon till 3.00 p.m.
3. West bound traffic only on Terry Road from junction with Terry Road-Jayes Road bypass track to junction with Jayes Road from 12.00 noon till 3.00 p.m.
These last two controls form an anti-clockwise one way route for traffic out of the east side parking area to proceed via Jayes Road to the finish at the Bridgetown Sports Ground.
Vehicles wishing to go to the cycle start should continue east along Jayes Road and follow signs to the cycle start.
4. West bound traffic only on Winnijup Road from junction with Scott-Meares Road to junction with Hester Siding Road (also Petterson Road) through to Bridgetown-Boyup Brook Road from 1.15 p.m. till 4.30 p.m. (main section of cycle leg).
Horse floats from the horse float parking area at Jayes Bridge not being able to get away by Jayes-Flax-Winnijup Road to the horse cycle changeover before 12.30 p.m. should wait till after 1.30 p.m. (when Jayes Bridge becomes open to east bound traffic) then travel east across Jayes Bridge and follow signs to the cycle start, to avert one way controls on Winnijup Road.
5. Horse carrying vehicles travelling west along Winnijup Road after picking up horses at the horse-cycle changeover will be diverted into Bridgetown via Elwin Road, which is adequately sign posted to direct them to the finish, at the Sports Ground or to their camping area at the Bridgetown Show Ground.
6. South bound traffic only on Krsul Road from junction with Hester Siding Road to junction with Bridgetown-Boyup Brook Road from 1.15 p.m. till 4.30 p.m. From this point traffic will be directed to a northern entrance to the finish at the Bridgetown Sports Ground.

There will be parking marshalls at the running-canoe changeover, the two parking areas at Jayes Bridge parking area at the cycle start, and the finish all equipped with red jackets.

There will be traffic marshalls to protect the competitors and control traffic in congested areas, all equipped with red jackets and flags.

The area will be sign posted to help competitors and spectators locate their destinations. Wishing all a satisfactory and incident free day.

From The Competitor Director

The Rotary Club of Bridgetown welcomes all the competitors of the Blackwood Marathon Relay. We wish you a happy and successful day.

It is encouraging to see the large number of teams once again entering the marathon especially with the difficult economic times.

I would urge the teams to make sure that their equestrian member is aware of the new changes to their section to avoid disappointment. I would also like to ask competitors to show courtesy to all other team members.

Most importantly we ask all competitors and spectators to respect the private properties on which the event is held.

Good luck to all.

KEN WEBB
Competitor Director

Race Rules

Rotary Club of Bridgetown BUNNINGS

"BLACKWOOD MARATHON RELAY"

SUMMARY OF RULES — 1992

Please note: There have been alterations made to rules of 1991

The rules of the event must be adhered to — to be fair to all competitors. Please particularly note those rules regarding the equestrian section on separate sheet.

1. Any competitor who breaches the Race Rules or loses his team number in this event faces team disqualification. (Note: It is therefore essential competitors properly attach team number bibs to their person).
2. All placegetters in the Veterans class must produce evidence of age before their placings will be confirmed. Men 40 or over, Ladies 35 or over.
3. All school teams must be from primary or secondary schools and produce verification from the school they are attending. Maximum age 18 years.
4. Minimum age for any competitor in open teams is 14 years.
5. Any protest shall be lodged in writing with the Chief Steward and must be made in writing within 10 minutes after the last competitor finishes. A protest can only be lodged by a competitor. Equestrian leg protests to be made in writing immediately to Chief Veterinary Officer, at the start or end of the Horse Leg.
6. There will be numerous check points along the course with attending stewards.
7. The stewards reserve the right to disqualify any team who breach any of the race rules.
8. No competitor can compete in more than one leg of the event, unless organised with Chief Steward on the day.
9. Teams will not be permitted to compete at all without a horse and rider.
10. No person is allowed to remove or cut obstacles from the canoeing course including logs, tea tree and other flora. Any person found doing so will be disqualified. Any serious objects of danger will be removed only by the Blackwood Marathon Committee.

PLEASE INFORM ALL YOUR TEAM MEMBERS.

PLEASE NOTE NEW START TIME OF 9.00 a.m.

Race Rules (continued)

ADDITIONAL RACE RULES FOR THE VARIOUS SECTIONS

RUNNING:

- A. Detours and short cuts not allowed.
- B. The marked course must be followed.

CANOEING:

- A. Life jackets and crash helmets strongly recommended.
- B. 'ANY DEVIATION' from course meaning riverbed will automatically disqualify the team.
- C. Minor repairs to craft during event allowed, but must be performed by competitors. Back-up crews not allowed.
- D. Craft must be one man canoe or kayak.
- E. Surf ski not allowed.
- F. Paddles only to be used for propulsion, spare paddles may be carried on craft.
- G. Competitors must mark their craft with their team number from left hand and right hand sides. Numerals must be minimum size 100mm high and 15mm thick. Numbers preferably black on yellow background. Numbers 1, 6, 9 must be underlined.

SWIMMING:

- A. Any attachment to any part of the body, e.g. flippers not allowed.
- B. Wetsuits allowed.
- C. Goggles and swimming caps allowed.

EQUESTRIAN:

The Equestrian part of the Blackwood Marathon is unique among endurance rides in W.A. in that it is short (16km) and very fast.

There are few shorter events and frequently the Blackwood is the first exposure of the horse to this experience. It is highly stressful to the horse. It differs from other events too, in that the rider is under pressure as a member of a team consisting often of people who have little or no knowledge of horses and therefore cannot appreciate the potential dangers of pushing a horse (or allowing a horse to push itself) beyond the physical limitations. In the past, the majority of teams competing in the "Blackwood Marathon" have been very conscientious in preparing, competing and caring for their horses. The low number of serious equine problems reflect the commitment and skill of the riders. Despite this, problems have occurred. For this reason, changes have been made to the rules governing the equine portion of the event in order to tip the balance between speed and fitness slightly in favour of fitness.

RULES

- A. a) The horse must be presented at the pre-ride veterinary examination by the RIDER.
- b) The horse must be fully and properly shod on all four feet.
- c) At the Pre-Ride Veterinary Examination, the horse must, in the opinion of the examining veterinarians, be able to complete the race without jeopardizing the health of itself or the rider, and
- d) The horse's heart rate must be at, or below, 55 beats per minute within 30 minutes of crossing the finishing line, and, in the opinion of the official veterinarians must not show any lameness or distress.
- e) The horse must be free from any 'prohibited substance'. 'Prohibited substance' means any substance having a direct or indirect action on the central or peripheral nervous system, the cardio-vascular, the respiratory system, the alimentary digestive system, the musculo-skeletal system or the uro-genital system of a horse. Prohibited substances include analgesics, anti-histamines, anti-inflammatory agents, blood coagulants, diuretics, hormones and their synthetic counterparts, cortico-steroids, anabolic steroids, local anaesthetics, muscle relaxants and tranquilisers. Prohibited substances also include vitamins administered by injection.
- f) All Iron Man entrants must provide a Certificate of Competency in horse riding before their entry will be accepted. This must accompany their entry form.

Race Rules (continued)

g) Minimum age limit for horses — 4 years. This rule will be strictly adhered to.

Failure to meet the above criteria will result in disqualification.

- A. Team numbers must be on front of helmet approximately 5 cm high and the team number must be securely attached to the horse's bridle. This is the responsibility of the competitor.
- B. Any type of horse may be used.
- C. Riding caps or helmets must be worn.
- D. The marked course must be followed.
- E. The team will be disqualified if any competitor takes a short cut.
- F. The team will be disqualified if there is any unsportsmanlike behaviour, i.e. barging, etc.
- G. No whips, spurs or long reins are allowed.
- H. **DRUGS** — Placegetters and other horses selected at random may be swabbed and/or have blood samples taken. Positive swabs/samples will result in disqualification of the rider from future Marathons.
- I. Vets have the right to disqualify any horse.
- J. **Horses should be available at 9.30 a.m. NOT 10.30 a.m. for Vet inspection at JAYES BRIDGE.**
- K. The Chief Vet will disqualify any rider for any blatant disregard of the rules and/or ill-treating a horse and that rider will be disqualified from competing in the relay in the future.
- L. The Chief Vet's decision is final.

These rules reflect the fundamental philosophy of the Blackwood Marathon — that the event should challenge the stamina and skill of every competitor, whilst ensuring that appropriate precautions and rules are implemented so that the health of all athletes is protected. This especially includes the horses which are unable to set their own pace and may be asked to perform when they are not fit to do so.

The reason why the maximum heat rate has been dropped to 55 is:

- a) To encourage people to get their horses fit prior to the Marathon and to appreciate their horses level of fitness and capability.
- b) To encourage all riders to increase their finishing times and reduce stress on their horses.
- c) To minimize the seriousness and number of veterinary problems.
- d) To conform to international guidelines established by the Australian Equine Veterinary Association and the American Association of Equine Practitioners concerning such events.

PLEASE MAKE SURE THE EQUESTRIAN CONCERNED IS INFORMED OF THESE RULES IMMEDIATELY.

It is hoped that by instituting random drug testing (blood and urine) and dropping the 30 minute recovery heart rate, that much healthier, fitter horses will start the Blackwood Marathon, more horses will complete the ride and fewer horses will be disqualified at the completion of the race. Take a little longer to complete leg if necessary. Remember first across the line is not necessarily the winner.

These benefits will only be realised if riders put the time and effort into preparing their horses. Quite simply, the Blackwood Marathon has been and should be a fun but challenging event for both the human and equine athletes.

CYCLING:

- A. Spare bike not allowed.
- B. Road traffic rules must be observed at all times.
- C. Minor repairs during the race allowed but must be performed by the competitors.
- D. Back up crews not allowed.
- E. Vehicles driving alongside or immediately in front of competitor not allowed.
- F. Start assistance allowed.
- G. Protective head gear must be worn.

Well done.

Congratulations to every entrant in the Blackwood Marathon.

Bunnings recognises the effort, courage and determination it takes to compete and excel in sporting events.

As a part of the life of the great South West we are pleased and proud to support the Blackwood Marathon.

From our beginnings over 100 years ago, we've supported community activities as we've grown into every facet of the timber industry.

Bunnings now employs over 2,500 people and our products play a part in the life of every Western Australian.

We provide a huge range of timber

products from nine sawmills and two seasoning and processing plants.

In addition Bunnings has 29 retail stores supplying timber products, hardware, plumbing and building materials.

We're happy to contribute to the people of the South West who, through

their efforts and patronage, continue to help us succeed.

BUNNINGS

Timber. Well done.

Personal Loans for anything you like.

However personal.

At the Commonwealth Bank we don't mind how personal the loans are for approved customers.

With a variety of terms,

they're designed to be very affordable so you don't overstretch yourself to get the car, the holiday, or whatever it is you want.

You don't even have to be one of our customers. Just drop into your nearest branch and get a quick decision. We promise to be discreet.
