PROOF OF AGE WILL BE REQUIRED ON NIGHT  
UNDER 18 NO ADMITTANCE

## Chairman's Message

On behalf of the Relay Committee and the Bridgetown Rotary Club I would like to welcome all participants and spectators to the 16th Blackwood Marathon.

The relay was first run in 1979 to celebrate the WA 150 Year Celebration, with 58 teams competing. Since its inception it has grown into one of the most exciting and popular sporting events to be held in this country. An Ironman section was added in 1988 to celebrate Australia's Bicentennial Celebrations, this section has continued with growing success.

An event of this size would not be possible without the co-operation of the Shires of Bridgetown-Greenbushes and Boyup Brook, the landowners, Service Clubs and the many individuals who generously give their time to make this event a success — thank you.

The major sponsors this year are GIO Australia whose support is welcomed and gratefully accepted. Our minor sponsors are Whittakers, Marlow's Auto Parts, Swan Brewery, Zero 1 and Telecom who are assisting the phone link-up.

Please read your programme and the traffic directions carefully. The parking arrangements at the horse section at Jayes Bridge will be the same as last year, please follow the Parking Marshall's directions, they are there to help you.

I must make mention of the fact that sections of the marathon course travels through private property, we urge you to treat these areas with respect and the consideration they deserve. Please use the litter bins provided.

Finally, thank you to my committee for co-ordinating this event, the computer operators, the Apex and Lions Clubs, Fire Brigade and St. John Ambulance personnel, the stewards, timekeepers, parking supervisors, Police Department, traffic marshalls, Brian Wheatley and his communications crew and all the individual people helping to make this event a success. I know they will join me in wishing all the competitors and spectators an enjoyable and successful day.

STUART MCGREGOR  
Chairman

## Programme Information

The course is:

Running 12km - Canoeing 7.3km - Swimming 1km - Equestrian 16km and  
Cycling 20km.

The day starts:

7.00 a.m.:

9.00 a.m.:

11.00 a.m. - 1.00 p.m.:

1.00 p.m.:

2.30 p.m.:

3.00 p.m. - late:

5.30 - 6.00 p.m.:

Team registration Boyup Brook Oval.

Running starts Boyup Brook Oval.

Lunch break Jayes Bridge.

Swimming starts Jayes Bridge.

Approx. Cyclists commence arriving Bridgetown  
Sportsground.

Eats, drinks available. Music.

Presentation of prizes. Medallions and time sheets  
available.

### PRE-RACE BRIEFING:

Briefings will be given at the start point of each section, commencing at:

RUNNING 8.30 a.m.; CANOEING 9.00 a.m.; SWIMMING 12.30 p.m.;  
EQUESTRIAN 12.00 p.m.; CYCLING 1.00 p.m.; IRON MAN/WOMAN Full brief  
8.30 a.m. at Running start.

Regular prizes:

Open: 1-10 places.

Schools: 1-3 places.

Under 18: 1-3 places (depending on entries).

Girls Schools: 1st place.

Womens: 1st place.

Veterans: 1st place.

Womens Veterans: 1st place (depending on entries).

Iron Man/Woman: 1-2 places (depending on entries).

Commemorative medallions to all competitors.

Our sponsors are:

Minor: TELECOM - MARLOWS AUTO PARTS - WHITTAKERS LTD  
ZERO 1 COLOUR DOCUMENT CENTRE

To competitors and spectators we wish you all a happy day and weekend in  
Bridgetown and Boyup Brook.

## Message to Spectators

Thank you for coming to our 16th Marathon again in such great numbers. Your continued support to this annual event is greatly appreciated and literally "makes our day". The organisers and all those involved from the volunteer traffic marshalls, the community stall holders, down to the actual competitors, take heart and are fortified by your support. Thank you again.

We ask you to remember that all funds raised on the day, from all sources, go entirely to community projects in the Bridgetown and Boyup Brook districts.

### Information

The tourist bureau at Bridgetown will act as an information centre on Friday afternoon and evening prior to the Marathon.

### Food

The hotels, cafes and service stations are ready to serve your needs, many of them by extending their trading hours. Don't forget there will be breakfasts on Saturday and Sunday morning at the show grounds and sports ground at Bridgetown. Lunch stalls will operate at Jayes and a host of food choices will again be available at the Marathon's conclusion.

### Drinks

A licensed bar will operate at Jayes during the lunch break and at the Bridgetown sports ground during the late afternoon and evening. A range of other drink stalls will operate at nearly every change over point.

### Entertainment

This year we have again engaged Admor Sound and a D.J. to entertain you. We hope this will provide a climax to an enjoyable day. If you're still willing after the conclusion a band will be operating till late in the Bridgetown Shire Hall.

Enjoy your day.

KEITH HARRIS  
Spectator Director

## Message from Traffic Director

The traffic controls for 1994 are practically the same as for 1993, except for tighter police discretionary control at Jayes Bridge.

Due to the risk of accidents on Jayes Bridge, when there are a large number of spectators, the bridge will be closed to all vehicular traffic (except emergency and official vehicles, and this at the discretion of the Senior Police Officer at Jayes Bridge) from 10.15 a.m. till 1.30 p.m. after which the bridge will be open for east bound traffic only.

To avoid being inconvenienced by this, traffic wishing to go from Jayes Bridge to the horse cycle changeover should park in the east side parking area, or if parking in the west side parking area leave before 12.30 p.m. by way of Flax Road to avoid one way controls on Winnijup Road.

If departure from the west side parking area is left later than this it will be necessary to wait until 1.30 p.m. when Jayes Bridge becomes open to east bound traffic.

Vehicles wishing specifically to go to the west side parking area (horse float area) at Jayes Bridge from the start at Boyup Brook oval should go by way at Bridgetown-Boyup Brook

and Brown Seymour Road.

Vehicles wishing specifically to go to the west side parking area (horse float area) from the running-canoe changeover should proceed south on Terry Road and cross the river by way of Terry Road crossing.

The east side parking area at Jayes Bridge will be the parking area from which all other points of interest can be universally reached.

As well as these controls, the most heavily congested roads have been made one way during peak traffic and event leg periods.

For those wishing to avert the heavier congested roads please refer to advice in this programme given under "Alternative Travel Routes".

The traffic controls specifically are:—

#### PRE LUNCH

1. South bound parking and travel only for vehicles on Hack and Beatty Streets (adjacent to Boyup Brook Sports Ground) from 6.30 a.m. till 9.30 a.m.
2. West bound traffic only on Stanton Road from 8.30 a.m. till 10.00 a.m.
3. South bound traffic only on Terry Road from junction with Stanton Road to junction with Jayes Road from 8.30 a.m. till 12.00 noon.
4. South bound traffic only on Terry Road-Jayes Road bypass track from 8.30 a.m. till 12.00 noon.
5. Jayes Bridge between the two parking area inlets will be closed to vehicular traffic when there are large numbers of spectators on the bridge (except for emergency and official vehicles, and this at the discretion of the Senior Police Officer at Jayes Bridge) from 10.15 a.m.

#### AFTER LUNCH

1. Jayes Bridge between the two parking area inlets will be closed to vehicular traffic (except for emergency and official vehicles, and this at the discretion of the Senior Police Officer at Jayes Bridge) when there are large numbers of spectators on the bridge until 1.30 p.m. after which it will be open to east bound traffic only, till 3.00 p.m. when controls cease.
2. North bound traffic only on Terry Road-Jayes Road bypass track from 12.00 noon till 3.00 p.m.
3. West bound traffic only on Terry Road from junction with Terry Road-Jayes Road bypass track to junction with Jayes Road from 12.00 noon till 3.00 p.m.  
These last two controls form an anti-clockwise one way route for traffic out of the east side parking area to proceed via Jayes Road to the finish at the Bridgetown Sports Ground.  
Vehicles wishing to go to the cycle start should continue east along Jayes Road and follow signs to the cycle start.
4. West bound traffic only on Winnijup Road from junction with Scott-Meares Road to junction with Hester Siding Road (also Petterson Road) through to Bridgetown-Boyup Brook Road from 1.15 p.m. till 4.30 p.m. (main section of cycle leg).  
Horse floats from the horse float parking area at Jayes Bridge not being able to get away by Jayes-Flax-Winnijup Road to the horse cycle changeover before 12.30 p.m. should wait till after 1.30 p.m. (when Jayes Bridge becomes open to east bound traffic) then travel east across Jayes Bridge and follow signs to the cycle start, to avert one way controls on Winnijup Road.
5. Horse carrying vehicles travelling west along Winnijup Road after picking up horses at the horse-cycle changeover will be diverted into Bridgetown via Elwin Road, which is adequately sign posted to direct them to the finish, at the Sports Ground or to their camping area at the Bridgetown Show Ground.
6. South bound traffic only on Krsul Road from junction with Hester Siding Road to junction with Bridgetown-Boyup Brook Road from 1.15 p.m. till 4.30 p.m. From this point traffic will be directed to a northern entrance to the finish at the Bridgetown Sports Ground.

There will be parking marshalls at the running-canoe changeover, the two parking areas at Jayes Bridge parking area at the cycle start, and the finish all equipped with red jackets.

There will be traffic marshalls to protect the competitors and control traffic in congested areas, all equipped with red jackets and flags.

The area will be sign posted to help competitors and spectators locate their destinations.

Wishing all a satisfactory and incident free day.

MAX ARMSTRONG  
Traffic Director

## From The Competitor Director

The Rotary Club of Bridgetown welcomes all the competitors of the Blackwood Marathon Relay.

It is encouraging to see the large number of teams that continue to support this, the "first" Marathon Relay.

The event is organised to maximise the enjoyment of the competitors and we urge all of you to show the customary care and courtesy to all other team members.

Finally and most importantly we ask all competitors and their backup teams to respect the private property on which the event will be held.

Good luck to you all - enjoy the day.

TONY JOYCE  
Competitor Director

## Race Rules

**Rotary Club of Bridgetown**

### BLACKWOOD MARATHON RELAY

#### SUMMARY OF RULES - 1994

PLEASE NOTE: - THERE HAVE BEEN ALTERATIONS MADE TO THE RULES OF 1993

The rules of the event must be adhered to - to be fair to all competitors. Please particularly note those rules regarding the equestrian section on separate sheet.

1. Any competitor who breaches the Race Rules or loses his team number in this event faces team disqualification.  
(Note: it is therefore essential competitors properly attach team number bibs to their person.)
2. All placegetters in the Veterans class must produce evidence of age before their placings will be confirmed. Men 40 or over, ladies 35 or over.
3. All placegetters in the 18 and under class must produce evidence of age before their placings will be confirmed.
4. Minimum age for any competitor is 14 years on the day of the event.
5. All school teams must be from secondary schools and send completed verification form from the school they are attending. Maximum age 18 years.
6. Any protest shall be lodged in writing with the Chief Steward and must be made in writing within 10 minutes after the last competitor finishes. A protest can only be lodged by a competitor. Equestrian leg protests to be made in writing immediately to Chief Veterinary Officer, at the start or end of the Horse Leg.
7. There will be numerous check points along the course with attending stewards.
8. The stewards reserve the right to disqualify any team who breach any of the race rules.
9. No competitor can compete in more than one leg of the event, unless organised with Chief Steward on the day.
10. Teams will not be permitted to compete at all without a horse and rider.
11. No person is allowed to remove or cut obstacles from the canoeing course including logs, tea tree and other flora. Blackwood Marathon Committee. PLEASE INFORM ALL YOUR TEAM MEMBERS.

PLEASE NOTE START TIME OF 9.00 a.m

# Race Rules (continued)

## ADDITIONAL RACE RULES FOR VARIOUS SECTIONS

### RUNNING

- A. Detours and short cuts are not allowed.
- B. The marked course must be followed.

### CANOEING

- A. Life jackets and crash helmets strongly recommended.
- B. "ANY DEVIATION" from course meaning riverbed will automatically disqualify the team.
- C. Minor repairs to craft during event allowed, but must be performed by competitors. Back up crews not allowed.
- D. Craft must be one man canoe or kayak.
- E. Surf ski not allowed.
- F. Paddles only to be used for propulsion, spare paddles may be carried on craft.
- G. Competitors must mark their craft with their team number from left hand and right hand sides. Numerals must be minimum size 100mm high 15mm thick. Numbers preferably black on yellow background. Numbers 1, 6, 9 must be underlined.

### SWIMMING

- A. Any attachment to any part of the body, e.g. flippers not allowed.
- B. Wetsuits allowed.
- C. Goggles and swimming caps allowed.

### EQUESTRIAN

#### "IMPORTANT"

ALL EQUESTRIAN RACE RULES ON SEPARATE SHEETS.  
PLEASE READ CAREFULLY.

### CYCLING

- A. Spare bike not allowed.
- B. Road traffic rules must be observed at all times.
- C. Minor repairs during the race allowed but must be performed by the competitors.
- D. Back up crews not allowed.
- E. Vehicles driving alongside or immediately in front of competitor not allowed.
- F. Start assistance allowed.
- G. Protective head gear is compulsory.

### EQUINE RULES

The equestrian part of the Blackwood Marathon is unique among endurance rides in WA in that it is short (16km) and very fast.

There are few shorter events and frequently the Blackwood is the first exposure of the horse to this experience. It differs from other events too, in that the rider is under pressure as a member of a team consisting often of people who have little or no knowledge of horses therefore cannot appreciate the potential dangers pushing a horse (or allowing a horse to push itself) beyond its physical limitations. In the past, the majority of teams competing in the "Blackwood Marathon" have been very conscientious in preparing, competing and caring for their horses. The low number of serious equine problems reflect the commitment and skill of the riders. Despite this problems have occurred. For this reason, changes have been made to the rules governing the equine portion of the event in order to tip the balance between speed and fitness slightly in favour of fitness.

### RULES

- a) The horse must be presented at the pre-ride veterinary examination by the RIDER.
  - b) The horse must be fully and properly shod on all four feet.
  - c) At the pre-ride veterinary examination, the horse must, in the opinion of the examining veterinarians be able to complete the race without jeopardising the health of itself or the rider, and
  - d) The horse's heart rate must be at, or below 60 beats per minute within 30 minutes of crossing the finishing line, and, in the opinion of the official veterinarians must not show any lameness or distress.
  - e) The horse must be free from any 'prohibited substance'. 'Prohibited substance' means any substance having a direct or indirect action on the central or peripheral nervous system, the cardiovascular, the respiratory system, the alimentary digestive system, the musculo-skeletal system or the uro-genital system of a horse. Prohibited substances include analgesics, anti-histamines, anti-inflammatory agents, blood coagulants, diuretics, hormones and their synthetic counterparts, cortico-steroids, anabolic steroids, local anaesthetics, muscle relaxants and tranquilisers. Prohibited substances also include vitamins administered by injection.
  - f) All Iron Man entrants must provide a Certificate of Competency in horse riding before their entry will be accepted. This must accompany their entry form.
  - g) Minimum age limit for horses - 4 years. This rule will be strictly adhered to.
- Failure to meet the above criteria will result in disqualification.**
- A. Team numbers must be on front of helmet approximately 5cm high and the team number must be securely attached to the horse's bridle. This is the responsibility of the competitor who must present the bridle for inspection at the vet check.
  - B. Any type of horse may be used.
  - C. Riding caps or helmets must be worn.
  - D. The marked course must be followed.

## Race Rules (continued)

- E. The team will be disqualified if any competitor takes a short cut.
- F. The team will be disqualified if there is any unsportsmanlike behaviour i.e. barging etc.
- G. No whips, spurs or long reins allowed.
- H. DRUGS - Placegetters and other horses selected at random may be swabbed and/or have blood samples taken. Positive swabs/samples will result in disqualification for further future Marathons.
- I. Vets have the right to disqualify any horse.
- J. Horses should be available at 9.30a.m. NOT 10.30a.m. for vet inspection at JAYES BRIDGE.
- K. The Chief Vet will disqualify any rider for any blatant disregard of the rules and/or ill-treating a horse and that rider will be disqualified from competing in the relay in the future.
- L. The Chief Vets decision is final.

### IMPORTANT

9.30 a.m. INSPECTION AT JAYES BRIDGE  
PLEASE MAKE SURE THE EQUESTRIAN CONCERNED IS INFORMED OF THESE RULES  
IMMEDIATELY

### KEY POINTS FOR A SUCCESSFUL BLACKWOOD RIDE

*Written by an old "seasoned" Blackwood Rider!*

- Start training your nag early - 12 weeks minimum.
- Fitness and conditioning are the basic aims. You will be asked to trot the horse out at the final vet check to show he/she is not lame 60 B.P.M. (beats per minute) or less is the new heart rate.
- Buy a stethoscope - training is a science not a hit and miss affair.
- Serviceable stethoscopes are available from Surgical House, 166 Railway Parade, Leederville.
- Establish a bench mark heart rate for your horse and set a programme to improve it.
- Purpose train your horse - 16 kms is not a long distance. If ridden to a pre-determined plan, for a horse.
- Trotting is the training gait. It strengthens both the respiratory and skeletal elements.
- 20 kms trot - at the eight week mark - three times a week, will have the horse working aerobically efficiently. Measure the horse's heart beat on the build up to this goal - if he is not recovering to mid 40's within half an hour, increase the number of training rides and decrease the distance.
- The actual course is hilly, so vary your training tracks to include hills and flats.
- Variety also keeps the horse interested in his work. Different terrains also assist in conditioning the tendons and skeletal frame overall.
- You are burning more energy than usual so increase the horse's diet. Grain, however, is not necessarily the best. As the muscles work, they produce lactates which contribute to the horse typing up. Grain produces a higher percentage of lactates, so quality chaff (lucerne or rough cut), carrots, plus some selenium and electrolytes can form the basis of a good diet.
- Once the horse is performing well three times a week, i.e. working aerobically efficiently, some cantering can be introduced to the programme. Say six kilometres twice a week in place of the training trots. Two weeks or canter at the two and three week mark is ample.
- The last two weeks can be a gradual wind down. The work done. The horse will freshen up and enjoy the event.
- Remember you are part of a team. Better to ride well within your pre-measured performance parameters and pass the final vet check than have to confront your other team members after a vet out.
- Training - trotting for miles - is the key to a successful and enjoyable ride.

### PREPARING YOUR HORSE FOR THE BLACKWOOD MARATHON

*L. Pierre-Humbert*

The most common problems seen on completion of the 16 km Blackwood ride, have been exhaustion, azoturia (typing up) and colic.

The following are some suggestions to assist you in the training of your horse. It must be remembered that all horses are individual athletes and should be treated as such. No work or feeding program will be the same for any two animals and it is up to you to formulate the most suitable routine. Remember there are NO EXCUSES for competing on a horse not capable of performing and more importantly, recovering easily.

Before commencing work attend to the basics.

- a) Teeth.
- b) Drenching.
- c) Feet.
- d) Skin lumps and bumps under the saddle predispose horses to saddle sores.
- e) Tack - make your saddle etc. fit and are comfortable (for both of you). Don't let ill fitting gear be the cause of your horse's sore back and resentful nature.

Plan your shoeing program so your final set of shoes go on 10 days prior to the event, even the best farrier is capable of pricking a horse. With 10 days up your sleeve you can do something about it. If your horse has thin sole feet, discuss the use of pads with your farrier.

If you exercise boots or bandages, make sure they fit and are comfortable, tendons must be free to slide in their sheaths, not constricted by bandages resembling tourniquets.

Assess how you fit your horse is at the start of the training program. A horse is fit for racing, eventing, polocross, polo, etc., is not necessarily fit for a 16 km dash with approximately 300 other competitors.

## Race Rules (continued)

The sheer excitement of the crowd can be a big drain on the horse's ability to recover. If you have had little or no experience in preparing a horse for a task such as this, talk to people who have. If you don't know anyone who you can think can help, ask your veterinarian and they will be able to point you in the right direction.

Horses are working animals and are quite capable of sustaining long periods of work if FED PROPERLY and introduced to a sensible work schedule slowly. Your work program should begin at least 12 weeks before the event.

Keep a calendar and plan out when you are going to increase the work load. Be a thinking trainer, feel when your horse is tiring during a ride and gradually, week by week, increase levels of work until he/she has reached your goal.

### INCREASE FEED (ENERGY INTAKE) WITH INCREASES IN WORK

Your horse should be doing 20 km at the trot and canter and recovering to a heart rate of 50 b.p.m. in 20-30 minutes, four weeks before the event.

Every day before and after work feel your horse's legs for lumps and bumps, clean out feet, etc. Don't be the bunny that keeps working a horse with a stressed swollen joint, ligament or tendon. Don't wait to see if it goes away - obtain immediately! You have a team depending on you and your horse.

If you are having small problems with soundness at the beginning of your work program, it may be that your horse is not suitable for this type of competition.

During your training program don't just guess distances and times. Mark out tracks in kilometres and each day record distance, time and recovery achieved. Beware of pushing your horse too far, too fast, too soon, for that is when you start damaging his/her muscles, joints, etc.

Unfortunately, even horses that are physically fit may still have trouble passing the vet check at the end of the ride due to a high heart rate at the time it is taken by the veterinarian. The following may assist newcomers avoid this problem. Obtain a stethoscope. One of the most common problems I've observed are horses who recover after the ride, but when a stranger approaches them and tickles them with a stethoscope their heart rate sky rockets. Try and train your horse to stand calmly when approached by a second person under circumstances such as those they will encounter at the vet check.

Make sure your horse is used to being out in company. It doesn't matter how fit you have him if after months of training on their they are suddenly confronted with the excitement of a large gathering you can expect them to have a high heart rate. Give them every chance, take them out to any event where there is a crowd, as often as possible, get them used to Mayhem!

Finally, if you have a head strong horse, make sure you are going to be able to control him/her of five riders gallop past you, or have him/her so fit that even if you do bolt for 1/2 km it is not going to exhaust him.

Remember, start training early. Any healthy horse given correct training and feeding is capable of successful completion of the Blackwood Marathon.

## Alternative Travel Routes

### Boyup Brook to Jayes Bridge:

- (1) Take Boyup-Kojonup Road - turn right Aegers Bridge Road - turn right Jayes Road, proceed to Jayes Bridge.
- (2) Take Boyup-Bridgetown Road - turn left Brown Seymour Road - turn left Jayes Road and proceed to Jayes Bridge.

### Jayes Bridge to Cycle Start:

- (1) From Kojonup side of Jayes Bridge - take Jayes Road towards Kojonup - turn right Muir Road - turn right Winnijup Road and proceed to cycle start.
- (2) From Bridgetown side of Jayes Bridge - take Jayes Road towards Bridgetown - turn left Flax Road - \*turn left Winnijup Road and proceed to cycle start. \*Please note: The Winnijup Road will be a one way road towards Bridgetown between 1.15 p.m. and 4.30 p.m.

### Jayes Bridge to Bridgetown:

- (1) Takes Jayes Road to Bridgetown, turn left into Flax Road, turn right into Falnash Road - cross Winnijup Road into Elwin Road to Bridgetown and then to the Sports Ground.

### Cycle Start to Bridgetown:

- (1) Turn east into Winnijup Road and cross Winnijup Bridge - turn right into Hamilton Road/Wheatley/Waters Road - Continue to Bridgetown and then to the Sports Ground. NOTE: This road is winding but mostly bitumen. It is longer than the direct route, but a very nice drive and by using it traffic congestion can be avoided.

Nothing changes  
between old friends.

## DONNYBROOK MARATHON RELAY

SATURDAY, DECEMBER 3, 1994

Starting at 10.30 a.m. at Donnybrook Recreation Centre, Donnybrook

					
Cycle 30 kms	Power Walk 5 kms	Canoe 7 kms	Swim 1.4 kms	Mountain Bike 25 kms	Run 12 kms

\* Maps, course details, rules, etc. will be posted to team managers after receipt of entry.

### Categories

Trophies will be awarded on corrected times to the fastest teams: first Women's Team, first Veterans' Team (over 35 years), first School Team, First Iron Person.

### Presentations

Competing teams will be finishing late in the afternoon at Donnybrook Recreation Centre. Runners will be crossing the line in full view of all spectators - BUT THE DAY IS NOT OVER - The finish line will have a carnival type atmosphere with a variety of food outlets, a licensed area, camping facilities and music till late. There are also many other extra services for people on the day.

THE FRIENDLIEST RELAY IN W.A.

### Enrolments

Contact the Donnybrook Recreation Centre on (097) 31 1822 or Entry Forms.

Cost: \$84.00 per Team  
\$60.00 per School Team  
\$50.00 per Iron Person
