CHAIRMAN'S MESSAGE

On behalf of the Bridgetown Rotary Club and the Marathon Organising Committee I would like to welcome you all to the 20th Bridgetown Rotary Blackwood Marathon

The strength of this event is the willing assistance received from the communities of Boyup Brook, Bridgetown-Greenbushes and our sponsors. Our sincere thanks go to the property owners who provide us with a magnificent course. The Fire Brigade and St Johns Ambulance, Brian Wheatley and his communication crew, the Police Department, the computer operators, stewards, time keepers, parking supervisors, service clubs, the local shires and the other helpers who give so generously of their time.

For the past two years we have not had a major sponsor. We hope in early 1999 to announce sponsorship opportunities that will take 'THE EVENT' successfully into the new millenium. Tonight you will witness a spectacular preview of things to come.

I would like to take this opportunity to also thank the Shire of Bridgetown - Greenbushes who have supported us with financial assistance for administration expenses usually covered by our major sponsors. I am sure this assistance will be repaid by the community many times over in the years to come.

For the third year, The Blue Rock Classic Marathon Relay in Gippsland, Victoria will be represented by a team. We welcome a very experienced 'Blue Rock Bikeland' team. Runner Mark Sinclair has just returned from the grueling World Ironman Championships in Hawaii and Peter Shaun and Kevin are all experienced Tri-athletes. Good Luck!

All that remains is for everyone to have a safe and enjoyable day. Please join us at the finish for a special show and presentation.

MESSAGE FROM THE TRAFFIC DIRECTOR

The traffic controls for the 1998 are practically the same as 1997

Due to the risk of accidents on Jayes Bridge, when there is a large number of spectators, the bridge will be closed to all vehicular traffic (except emergency and official vehicles, and this is at the discretion of the Senior Police Officer at Jayes Bridge) from 10.15am till 1.30pm, after which the bridge will be open for east bound traffic only.

To avoid being inconvenienced by this, traffic wishing to go from Jayes Bridge to the horse cycle changeover should park in the east side parking area, or if parking in the west side parking area, leave before 12.30pm by way of Flax Road to avoid one way controls on Winnijup Road.

If departure from the west side parking area is left later than this, it will be necessary to wait until 1.30pm when Jayes Bridge becomes open to east bound traffic.

Vehicles wishing specifically to go to the west side parking area (horse float area) at Jayes Bridge from the start at Boyup Brook Oval should go by way of Bridgetown-Boyup Brook, Brown Seymour Road and Jayes Road.

Vehicles wishing specifically to go to the west side parking area (horse float area) from the running-canoeing changeover should proceed south on Terry Road and cross the river by way of Terry Road crossing.

The east side parking area at Jayes Bridge will be the parking area from which all other points of interest can be universally reached.

As well as these controls, the most heavily congested roads have been made one way during peak traffic and event leg periods.

For those wishing to avert the heavier congested roads, please refer to advice in this programme given under 'Alternative Travel Routes'.

2. North bound traffic only on Terry Road-Jayes Road bypass track from 12.00 noon till 3.00pm.
3. West bound traffic only on Terry Road from junction with Terry Road-Jayes Road bypass track to junction with Jayes Road from 12.00 noon till 3.00pm. EQUINE RULES

The equestrian part of the Blackwood Marathon is unique among endurance rides in W.A. Often the Blackwood is the first exposure of the horse to this type of event. It differs from other events too, in that the rider is under pressure as member of a team consisting often of people who have little or no knowledge of horses, therefore cannot appreciate the potential dangers pushing a horse (or allowing a horse to push itself) beyond its physical limitations. In the past the majority of teams competing in the Blackwood Marathon have been very conscientious in preparing, competing and caring for their horses. The low number of serious equine problems reflect the commitment and skill of the riders. Despite this, problems have occurred.

RULES

- a) The horse must be presented at the pre-ride veterinary examination by the RIDER.
- b) The horse must be fully and properly shod on all four feet.
- c) At the pre-ride veterinary examination the horse must, in the opinion of the examining veterinarians be able to complete the race without jeopardising the health of itself or the rider.
- d) The horse's heart rate must be at, or below 60 beats per minute within 30 minutes of crossing the finishing line, and in the opinion of the official veterinarians must not show any lameness or distress.

RACE RULES - continued

- e) The horse must be free from any 'prohibited substance'. 'Prohibited substance' means any substance having a direct or indirect action on the central or peripheral nervous system, the cardiovascular, the respiratory system, the alimentary digestive system, the musculoskeletal system or the uro-genital system of a horse. 'Prohibited substances' include analgesics anti-histamines, anti-inflammatory agents, blood coagulants, diuretics, hormones and their synthetic counterparts, cortico-steroids, anabolic steroids, local anaesthetics, muscle relaxants and tranquilisers. 'Prohibited substances' also include vitamins administered by injection.
- f) All Iron Man entrants must provide a Certificate of Competency in horse riding before their entry will be accepted. This must accompany their entry form.
- g) Minimum age limit for horses - 4 years. This rule will be strictly adhered to.
- Failure to meet the above criteria will result in disqualification.**

- A. Team numbers must be on front of helmet approximately 5cm high and the team numbers must be securely attached to the horse's bridle. This is the responsibility of the competitor who must present the bridle for inspection at the veterinary check.
- B. Any type of horse may be used.
- C. Riding caps or helmets must be worn.
- D. The marked course must be followed.
- E. The team will be disqualified if any competitor takes a short cut.
- F. The team will be disqualified if there is any unsportsmanlike behaviour, i.e. barging, etc.
- G. No whips, spurs or long reins allowed.
- H. DRUGS - Placegetters and other horses selected at random may be swabbed and/or have blood samples taken. Positives swabs samples will result in disqualification for further Marathons.
- I. Veterinarians have the right to disqualify any horse.
- J. **Horses should be available at 9.30am for veterinary inspection at JAYES BRIDGE.**
- K. The Chief Veterinarian will disqualify any rider for any blatant disregard of the rules and/or ill-treating a horse and that rider will be disqualified from competing in the relay in the future.
