## CHAIRMAN'S MESSAGE

On behalf of the Bridgetown Rotary Club and the Marathon Organising Committee I would like to welcome you all to the 21st Bridgetown Rotary Blackwood Marathon.

The strength of this event is the willing assistance received from the communities of Boyup Brook, Bridgetown-Greenbushes and our sponsors. Our sincere thanks go to the property owners who provide us with a magnificent course. The Fire Brigade and St Johns Ambulance, Brian Wheatley and his communication crew, the Police Department, the computer operators, stewards, time keepers, parking supervisors, service clubs, the local shires and the other helpers who give so generously of their time.

It is pleasing to welcome the new major sponsors. Their involvement heralds another milestone in the History of the EVENT and helps us plan for the future with greater certainty. Your generosity is appreciated.

The hard work of the past two years to maintain the event without major sponsorship has now paid off. Our administration is more streamline, the operations have been documented and we are sure we will give value for the sponsorship dollars spend this year and in ensuring years.

This year, His Excellency, Governor, Maj-Gen. Michael Jeffery, will make the presentations to the successful competitors. During his time with us he will be escorted around parts of the course and will see the action first hand. We hope he enjoys his time with us.

In 1979 the 'Bunbury Old Sports' were the successful team at the first Marathon. Team members will officiate at the start of this year's event and they will also be present at the end of the Marathon for the celebrations.

We are already planning for the 'Millennium Marathon' which will be held on Saturday 28th October 2000. We hope to see you there.

All that remains is for everyone to have a safe and enjoyable day. Please join us at the finish for a special show and presentation.

## MESSAGE FROM THE TRAFFIC DIRECTOR

The traffic controls for the 1999 are practically the same as 1998

Due to the risk of accidents on Jayes Bridge, when there is a large number of spectators, the bridge will be closed to all vehicular traffic (except emergency and official vehicles, and this is at the discretion of the Senior Police Officer at Jayes Bridge) from 10.15am till 1.30pm, after which the bridge will be open for east bound traffic only.

To avoid being inconvenienced by this, traffic wishing to go from Jayes Bridge to the horse cycle changeover should park in the east side parking area, or if parking in the west side parking area, leave before 12.30pm by way of Flax Road to avoid one way controls on Winnijup Road.

If departure from the west side parking area is left later than this, it will be necessary to wait until 1.30pm when Jayes Bridge becomes open to east bound traffic.

Vehicles wishing specifically to go to the west side parking area (horse float area) at Jayes Bridge from the start at Boyup Brook Oval should go by way of Bridgetown-Boyup Brook, Brown Seymour Road and Jayes Road.

Vehicles wishing specifically to go to the west side parking area (horse float area) from the running-canoeing changeover should proceed south on Terry Road and cross the river by way of Terry Road crossing.

The east side parking area at Jayes Bridge will be the parking area from which all other points of interest can be universally reached.

As well as these controls, the most heavily congested roads have been made one way during peak traffic and event leg periods.

For those wishing to avert the heavier congested roads, please refer to advice in this programme given under 'Alternative Travel Routes'.

## MESSAGE FROM THE TRAFFIC DIRECTOR - (Continued)

The traffic controls specifically are:-

### PRE LUNCH

1. South bound parking and travel only for vehicles on Hack and Beatty Streets (adjacent Boyup Brook Sports Ground) from 6.30am till 9.30am.
2. West bound traffic only on Stanton Road from 8.30am till 10.00am.
3. South bound traffic only on Terry Road from junction with Stanton Road to junction with Jayes Road from 8.30am till 12.00 noon.
4. South bound traffic only on Terry Road-Jayes Road bypass track from 8.30am till 12.00 noon.
5. Jayes Bridge between the two parking area inlets will be closed to vehicular traffic when there are large numbers of spectators on the bridge (except emergency and official vehicles, and this is at the discretion of the Senior Police Officer at Jayes Bridge) from 10.15am.

### AFTER LUNCH

1. Jayes Bridge between the two parking area inlets will be closed to vehicular traffic when there are large numbers of spectators on the bridge (except emergency and official vehicles, and this is at the discretion of the Senior Police Officer at Jayes Bridge) until 1.30pm, after which it will be open to east bound traffic only, till 3.00pm when controls cease.
2. North bound traffic only on Terry Road-Jayes Road bypass track from 12.00 noon till 3.00pm.
3. West bound traffic only on Terry Road from junction with Terry Road-Jayes Road bypass track to junction with Jayes Road from 12.00 noon till 3.00pm. These last two controls form an anti-clockwise one way route for traffic out of the east side parking area to proceed via Jayes Road to the finish at the Bridgetown Sports Ground. Vehicles wishing to go to the cycle start should continue east along Jayes Road and follow signs to the cycle start.

Horse floats from the horse float parking area at Jayes Bridge not being able to get away by Jayes-Flax-Winnijup Road to the horse cycle changeover before 12.30pm, should wait till after 1.30pm (when Jayes Bridge becomes open to east bound traffic), then travel east across Jayes Bridge and follow signs to the cycle start, to avert one way controls on Winnijup Road.

There will be traffic marshals to protect the competitors and control traffic in congested areas, all equipped with red jackets and flags.

The area will be sign posted to help competitors and spectators locate their destinations.

Wishing all a satisfactory and incident free day.

### EQUINE RULES

The equestrian part of the Blackwood Marathon is unique among endurance rides in W.A. Often the Blackwood is the first exposure of the horse to this type of event. It differs from other events too, in that the rider is under pressure as member of a team consisting often of people who have little or no knowledge of horses, therefore cannot appreciate the potential dangers pushing a horse (or allowing a horse to push itself) beyond its physical limitations. In the past the majority of teams competing in the Blackwood Marathon have been very conscientious in preparing, competing and caring for their horses. The low number of serious equine problems reflect the commitment and skill of the riders. Despite this, problems have occurred.

### RULES

- a) The horse must be presented at the pre-ride veterinary examination by the RIDER.
- b) The horse must be fully and properly shod on all four feet.
- c) At the pre-ride veterinary examination the horse must, in the opinion of the examining veterinarians be able to complete the race without jeopardising the health of itself or the rider.
- d) The horse's heart rate must be at, or below 60 beats per minute within 30 minutes of crossing the finishing line, and in the opinion of the official veterinarians must not show any lameness or distress.

'Prohibited substances' include analgesics antihistamines, anti-inflammatory agents, blood coagulants, diuretics, hormones and their synthetic counterparts, cortico-steroids, anabolic steroids, local anaesthetics, muscle relaxants and tranquillisers. 'Prohibited substances' also include vitamins administered by injection.
- f) All Iron Man entrants must provide a Certificate of Competency in horse riding before their entry will be accepted. This must accompany their entry form.
- g) Minimum age limit for horses - 4 years. This rule will be strictly adhered to.  
**Failure to meet the above criteria will result in disqualification.**

- I. Veterinarians have the right to disqualify any horse.
- J. **Horses should be available at 9.30am for veterinary inspection at JAYES BRIDGE.**

## 21 YEARS OF SPORTSMANSHIP

21 YEARS OF COMMUNITY SERVICE

EVENT

## The Spirit of Twenty One Years

On Saturday, November 10, 1979 the first Blackwood Marathon was held. Few of those who had the foresight to create this toughest of events could have known how long it would continue.

Yet, thanks to hard work and countless hours of voluntary time the Rotary Club of Bridgetown have nurtured and developed this world class event into a tradition.

Athletes of all disciplines still yearn to hold the victors crown and thousands of spectators and support crew continue to return, year after year, to encourage and motivate their favourite competitors

The character of the event has changed little. It is still 56 kilometres of hard slog and team work. For the Ironmen and Ironwomen it is more. Not only must they sustain the pace they must be multi-disciplined athletes to boot.

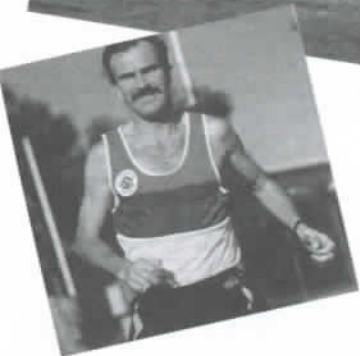

Surviving the Marathon is something special. Winning it, is Awesome.

Long may it continue and to all those who have dedicated themselves to its organisation we say thankyou. You understand the true meaning of the "Spirit of the Marathon".

Other great names such as Steel Bishop,

Shane Gould (Innes), Olympic Champion

who competed in five in a row from 1979, and ex Docker Coach Gerrard Neesham swam for his team in 1981. There can be no doubting the standard of competition here.

Yet amongst all the hype and star studded drama lies a common thread.

The Blackwood Marathon is for all those who seek to challenge the moment. This is a true 'peoples' Marathon.

History will not only record the stars it will remember the thousands who have simply competed, because the Marathon is about 'having a go'.
